Angel Flight East

<http://angelflighteast.org/>

1501 Narcissa Road

Blue Bell, PA 19422

Phone: 215-358-1900

Angel Flight East (AFE) is a 501(C)(3) nonprofit organization dedicated to serving the community by facilitating **free** air transportation for children and adults with medical

conditions who need to get to treatment far from home. AFE serves the Northeastern region of the United States (Virginia to Maine and up to Ohio), and for destinations beyond our reach, we link with other volunteer pilot organizations. ***Anyone who requests a flight must be medically stable, able to board an aircraft, and fly in a small non-pressurized aircraft.*** Volunteer pilots use their own aircraft to fly patients to their destinations. These men and women pay for all expenses for each mission they fly. Most AFE patients require air transportation numerous times over several years for treatment of and follow-up for their conditions. The person must be able to walk on to the plane so in the case of paralysis, they may be able to offer the free air transportation to a family member or caregiver of the person with paralysis. Please ask them for more information about this.

Commission on Accreditation of Medical Transport Systems (CAMTS)

<http://www.camts.org/>

P.O. Box 130

Sandy Springs, SC 29677

Phone: 864-287-4177
